## IMPLEMENTATION IN INDIANA

Larry Cardinal and Wagler Custom Homes in Vincennes, Indiana have taken advantage of the fast foundation process Mono Slab® EZ Form offers.

“Knox County Economic Development did a study and it showed we could use hundreds of homes,” said Vincennes Mayor, Joe Yochum. Thanks to the help of American Rescue Plan Act funds and independent contractors, there are three housing projects underway in Vincennes.

Besides fixing the housing shortage, Mayor Yochum says these projects could benefit the entire community by boosting employment.
